

FAMILY POLICY INSTITUTE OF WASHINGTON

A Vision of Hope

2026 FPIW Vision Tour

An evening of biblical encouragement and practical vision-casting for faithful engagement in Washington.

Prayer that generates true love for
neighbors, enemies, & political opponents.

Evangelism that transforms the soul
because policy is the outflow of the heart.

Faithful one-on-one stewardship that
educates the next generation.

Practical actions to win back
the culture & government officials.

FPIW is the only policy organization in our state that will clearly proclaim the true solution- it is not debate -it is Jesus, repentance, heart transformation, and biblical worldview.
